Professional Summary

Computer Science undergraduate specializing in **Cyber Security** with strong expertise in **Data Structures & Algorithms**, **Backend Development**, and **Generative AI Systems**. Experienced in building **production-ready client applications**. Passionate about designing **scalable, secure, and optimized** software solutions.

Education

Sri Krishna College of Engineering and Technology 2023 – 2027

B.E. Computer Science and Engineering (Cyber Security)

CGPA: **8.34**

T.N.G.R Memorial Hr. Sec. School 2021 – 2023

Higher Secondary Score: **94%**

Technical Skills

Languages: C++, Java

Frontend: HTML, CSS, ReactJS

Backend: Spring Boot, REST APIs, JWT Authentication

Database & Cloud: MySQL, AWS

Core Concepts: Data Structures & Algorithms, OOP, DBMS, SDLC

Tools & Platforms: Git, GitHub, Figma

Projects

Aaryaa Network – Freelance Web Development Project www.aaryaanetwork.com

ReactJS, REST APIs, HTML, CSS, Figma

- Engineered a production-ready **React.js** application leveraging **component-based architecture** and client-side routing.
- Integrated **REST APIs** and enhanced UI rendering, ensuring seamless **cross-device compatibility**.

Turf Booking Management System – Web-Based Slot Reservation Platform

Java, Spring Boot, MySQL, REST APIs, JWT Authentication, HTML, CSS

- Developed a web-based reservation platform with **real-time slot availability** and online booking features.
- Designed and exposed **RESTful APIs** for booking, scheduling, and user management.
- Implemented **JWT-based authentication** and slot availability checks to avoid booking conflicts.

Food Delivery Backend System

Java, Spring Boot, Spring Security, JWT, MySQL

- Developed REST APIs for food ordering and restaurant management using **Spring Boot**.
- Implemented **JWT-based authentication** and role-based access control for secure user access and order management.
- Designed relational database schemas using **MySQL** and **Spring Data JPA**.

Achievements

- Runner-Up – Neo Codeathon (Feb 2026)** | Competitive Programming
- Indian Patent Filed** – Intelligent Tamper-Evident Weighing Apparatus
- Solved **600+ DSA Problems** – Across Leetcode and multiple competitive programming platforms
- Microsoft Certified** – Azure Fundamentals | Google Foundations of Cybersecurity
- Cisco Certified** – Introduction to cybersecurity
- First Prize** – Technical Presentation, SKCET | **Second Prize** – Paper Presentation, KPR Institute
- 2+ Years Teaching Experience** – Higher Secondary Academics, Mentorship
